**Dr George Vella, President of the Republic of Malta**

The Malta College of Family Doctors (MCFD) congratulates Dr George Vella on his appointment as the 10<sup>th</sup> President of the Republic.

The MCFD notes how Dr Vella's credentials as a family doctor and his continued interest in health issues are compounded by a lifelong experience in widespread public fora, national and international.

The MCFD lauds the new President in his strong inaugural statement embracing a call for national unity, respect for values and the redress of poverty, a sensitivity towards Malta's heritage and the natural and built environment as well as the commitments towards a fair distribution of wealth and the respect to life from its beginning. These are all issues which directly and indirectly are related to the well-being of people and the sustainable development of the country.

The MCFD looks forward to a productive collaboration with President Dr George Vella and his Office.
