## Beta-Lactoglobulin (Milk) IgG and Soya IgG intolerance tests.

Wed 14-Sep-2022

Please note that following a review of the Immunology test portfolio, no scientific basis has been identified for the use of Beta-Lactoglobulin (Milk) IgG and Soya IgG intolerance tests.

In addition, the Referral Lab does not offer these tests or any other alternatives.

*All requests will be discontinued with immediate effect.*

Dr Christopher Barbara

Prof Christian Scerri

Chair, Pathology Department

Consultant, Immunology
