

European Certificate in Essential Palliative Care

COURSE FOR DOCTORS AND NURSES

Start– 9th September 2024

Final Assessment day – 13th November 2024

One of Hospice Malta's key objectives is **to provide and facilitate education and training for professionals engaged in providing palliative care in Malta. The European Certificate in Essential Palliative Care** is designed for professionals– doctors & nurses - to consolidate and develop their palliative care confidence and expertise. This course will commence in September 2024 with an introductory session and will then run for 9 weeks by **distance learning**. All candidates will be provided with a course handbook.

By the end of the course the participants will be required to provide a portfolio on a past or present case. For this process, they will benefit from the allocation of a facilitator to support and guide them accordingly. In addition, the assessment day will include a written component (multiple choice) and oral examination.

All of the course, including the assessment component will be held virtually. The course is set and supervised by Princess Alice Hospice, UK .

The successful candidate will be awarded the **European Certificate in Essential Palliative Care**.

Only online applications will be accepted, and they will be considered on a first come first served basis.

Online payment must be effected with application. For current course fees and information, please **access**
